DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/30/08 has been entered. Claims 1, 3-9, 12-20, 22, 23, 26, 27, 30, 31, 37-42 are pending in the application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 1, 3-9, 30, 38, 40 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Fig. 2 of the specification discloses the housing 74 having a moveable portion 76. The original specification does not provide support for “a first movable portion defined as a first partial outer surface of the housing and a second movable portion defined as a partial second outer surface of the housing located opposite to the first partial outer surface” and “the first and

second movable portions configured to be selectively moved toward and away each other” as is now claimed in independent claim 1.

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 4-8, and 40 recite the limitation "the moveable portion". There is insufficient antecedent basis for this limitation in the claims.

Allowable Subject Matter

6. Claims 12-20, 22, 23, 26, 27, 31, 37, 39, 41, 42 are allowed.
